Planning Your Time

You have 180 minutes to complete the entire test. How you divide the time between the English Language Arts and Mathematics sections is up to you.

If you begin with the English Language Arts section, you may go on to the Mathematics section as soon as you are ready. Likewise, if you begin with the Mathematics section, you may go on to the English Language Arts section as soon as you are ready.

Be sure to read the directions for each section carefully.

When you finish a question, go on to the next, until you have completed the last question or run out of time.

Your score is determined by the number of questions you answer correctly. Answer every question, even if you may not be certain which answer is correct.

Don't spend too much time on a question you find difficult. Come back to it later if you have time.

If you complete the test before the test time (180 minutes) is over, you may go back to review questions in either section.

You must stay for the entire test period (180 minutes).

Vaqtingizni rejalashtirish

Barcha testlarni yechish uchun 180 daqiqa vaqtingiz bor. Ingliz tilini bilish va matematika bo'limlari o'rtasida vaqtni qanday taqsimlash sizga bog'liq.

Agar siz ingliz tilini bilish bo'limidan boshlasangiz, uni tugatishingiz bilanoq matematika bo'limiga o'tishingiz mumkin. Xuddi shunday, agar matematika bo'limidan boshlasangiz, uni tugatishingiz bilanoq ingliz tilini bilish bo'limiga o'tishingiz mumkin.

Har bir bo'lim uchun ko'rsatmalarni diqqat bilan o'qib chiqing.

Savolni tugatgandan so'ng, keyingisiga o'ting, bunday qilishni oxirgi savolni tugatmaguningizcha yoki vaqtingiz tugamaguncha davom eting.

Sizning ballingiz to'g'ri javob bergan savollar soniga qarab belgilanadi. Qaysi javob to'g'ri ekaniga ishonchingiz komil bo'lmasa ham har bir savolga javob bering.

Qiyin tuyulgan savolga ko'p vaqt sarflamang. Vaqtingiz bo'lsa, keyinroq unga qayting.

Agar siz testni muddatidan (180 daqiqa) oldin yechib tugatsangiz, ikkala bo'limdagi savollarni qayta ko'rib chiqishga qaytishingiz mumkin.

Siz butun testga ajratilgan vaqt (180 daqiqa) tugamagunicha joyingizda qolishingiz kerak.
